

Bob Bicknell-Knight  
Automated Compression, 2017  
HD digital video  
3 min 50 sec

A video that explores how airport security has become increasingly strengthened, with the help of new technologies, in a post 9/11 world.

The work revolves around a retracted episode of Friends, meant to air 2 weeks after 9/11, which features Chandler Bing joking about having a bomb whilst going through airport security.
